Why join?

- You always wanted to create something daring
- You want to learn what others consider audacious and impossible
- You want to realize your own vision
- You are not afraid to test your skills and persistence
- You want to compete with others

Oh... and you have 2 months to accomplish your mission!

Join us today! Challenge yourself! Be prepared to work hard!!! ... and keep reading carefully the information below.

Goals and commitment

- We are building our own bridge to Space and YES we know it sounds audacious...
- We have created a (still) experimental program for space science and technology

You will have the opportunity to broaden your horizons and to learn from some of the best technologists and scientists in the World.

We are giving you the chance to work hard in creative teams of young engineers, scientists and technologists.

We are giving you the tools to actually prototype and build real prototypes of high-tech products and services

... So stop wasting your time and [APPLY today!](#)

Requirements

- Be persistent and never quit
- Be brave enough to create
- Be prepared to make lots of mistakes - Share and collaborate
- Bring Space closer to us!
-
